

DIY Bird Feeder

For this craft, you will need:

- An empty toilet roll tube
 - String or Twine
 - Peanut Butter
 - Bird Seed
 - A tablespoon
 - A tray or plate (big enough to roll your toilet roll tube around in).
- **Step One** - Using your spoon, cover your toilet roll tube in peanut butter.
 - **Step Two** - Shake your bird seed out onto a tray or plate.
 - **Step Three** - Roll your peanut butter covered toilet roll tube over the bird seed until it's completely covered.
 - **Step Four** - Thread a piece of string or twine through the inside of your toilet roll tube and then tie each end together in a knot.
 - **Step Five** - Find a suitable place outside to hang your bird feeder, such as a tree, from a bird table or a tall fence.
